

Libby Schaaf

for Oakland City Council

Let Oakland Shine

I was born and raised right here in Oakland City Council District 4. Oakland has made me who I am. Now I want to make Oakland an even better place. I want my two young children to thrive at Oakland public schools, grow into amazing adults, and choose to raise their families here.

Proven Experience in Oakland:

Reducing and Preventing Crime

I was Mayor Jerry Brown's point-person on violence prevention. I gathered community input and helped draft the Measure Y Violence Prevention Plan, and I worked to keep juvenile parolees out of jail and on a path toward better lives. At City Hall, I will make crime reduction and crime *prevention* top priorities for Oakland.

Building a Thriving Economy

As the Senior Economic Development Policy Advisor to the City Council, aide to a former Mayor and City Council President, and Director of Public Affairs for the Port of Oakland, I've brought millions of dollars to our city, to build waterfront parks, affordable housing, and transit-oriented development, and I've helped reduce pollution, cut bureaucratic red tape and support local businesses and artists. I have the competence and community experience to get Oakland working again.

Supporting Our Schools

In my 20s, I left my legal career at Oakland's largest law firm to build and run the first centralized volunteer program for Oakland public schools at the Marcus Foster Institute. I helped start one of the most successful public schools in Oakland. I am committed to improving Oakland public schools.

Making Your Government More Responsive and Responsible

Being effective in City Hall means spending less time actually *in* City Hall. I will be in the community every day addressing concerns and working with you to make Oakland better.
